Reading Comprehension

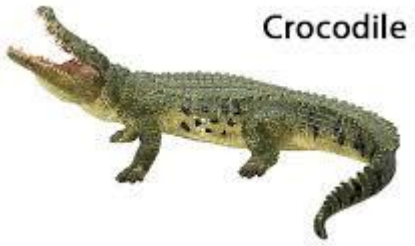
Read the following text carefully then answer the questions below:



Crocodiles are large animals that look like lizards but bigger in size. There are more than 10 types of crocodiles around the world. They also come in different sizes. These dangerous animals can be found in some parts of Asia, Africa and Australia. Crocodiles live near swamps, lakes and rivers. **They** prefer living in hot and warm places.

Crocodiles spend most of their time in the water but they can also travel on land. The skin of crocodiles is very strong. The eyes and the ears of a crocodile are on its head. This will help it see and hear better when most of its body is under the water. It also helps it to surprise and catch animals to eat them.

Crocodiles mostly feed on fish, birds, turtles and other small animals by catching them and pulling them to the water. When a female crocodile is ready to lay eggs, it builds a small nest from mud and dead plants. Some types of crocodiles can lay more than 100 eggs. When they **hatch**, it stays with its babies for weeks to protect them.

Reading Comprehension

- **Read the following passage carefully, then answer the questions below:**

Japan is an amazing country. It is very modern. It is an island country in East Asia. It is bordered on the west by the sea of Japan. Tokyo is the capital of Japan. There is something for everyone to enjoy in Japan. Japan is known around the world. **It** has clever scientists. They always invent useful inventions.

The Japanese are very polite and **active** people. They enjoy working hard. They respect each other. They don't sit on chairs when they eat, they kneel on the floor. They don't use knives, forks, or spoons. They use wooden chopsticks. Their favorite food is raw fish and rice.

The Japanese writing is very strange because it has no alphabet as in Arabic or English. It has a system of pictures, and their writing goes from top to bottom. Japan is a good model of a modern country.
