Reading Comprehension

Read the Following passage and answer the questions:

Science is an important part of our daily lives. It helps us understand the world around us and makes our lives easier. Thanks to science, we have electricity, clean water, and modern medicine. Scientists work to find new ways to improve health, communication, and transportation. For example, mobile phones and the internet help people stay connected, while medicine helps us recover from illnesses.

Science also helps us take care of our environment. It teaches us how to protect nature and use energy wisely. Scientists study the weather, animals, and plants to keep the planet safe. With the help of science, we can solve many problems and make life better for everyone. That is why learning about science is so important.

A- Choose the best answer from a, b, c and d:

1. What is the best title for the passage?
 - a) The Importance of Science
 - b) Scientists and Their Work
 - c) The History of Science
 - d) How to Study Science
2. What does the word "**It**" in paragraph 2 refer to?
 - a) Energy
 - b) Science
 - c) The environment
 - d) The weather

B- Answer the following questions:

3. How does science help us in our daily lives?

.....

.....

4. Why is it important to protect the environment using science?

.....

.....

1- Writing

Kuwait exports oil to many countries. Write a paragraph of 5 sentences about **“Oil”**.

These guide words may help you:

important – famous – ground – export

2- Writing

LifeStraw is an important invention. Write a paragraph of 5 sentences about **“LifeStraw”**.

These guide words may help you:

Important – purify – bacteria - plastic

3- Writing

Saving energy at home has a great importance. Write a paragraph of 5 sentences about “Saving Energy at Home”.

These guide words may help you:

switch off – lights – special – light bulbs

4- Writing

Science is very important in our life. Write a paragraph of 5 sentences about “Science”.

These guide words may help you:

Science – scientist – experiments – result
