Level 8.2
Grade 12 Advanced Mock Exam
Term 1, 2024–2025

By: Kamal Al-atiq

1.1 Opinion الراي

Write your opinion about the following :

"Does the growing use of artificial intelligence transform the way people interpret culture and identity, or does it risk interrupting traditional customs?"

- ---

- ---

1.2 Plan خطة المقال

You are planning an essay titled:
"Artificial intelligence in cultural venues: Can technology enhance traditional celebrations and transform cultural experiences?"

focusing on how AI:

1. Assists in organizing events (e.g., managing venue capacity, providing practical guidance).
2. Enhances representation and inclusion during occasions.
3. Raises questions about interruptions to traditional customs.

1.3 Essay المقال

Write a detailed essay (170 words) on the topic:
"Artificial intelligence in cultural venues: Can technology enhance traditional celebrations and transform cultural experiences?"

Your essay should focus on how AI:

- *Assists in organizing events (e.g., managing venue capacity, providing practical guidance).*
- *Enhances representation and inclusion during occasions.*
- *Raises questions about interruptions to traditional customs.*

1.4 Inference and Justification التوقع والتبرير

Based on the text below, infer possible outcomes and provide justification:

Text:

"Technological advancements, particularly in artificial intelligence, have begun to influence how celebrations and customs are organized. While AI tools are being used to guide venue capacities and streamline expenses, some communities worry that overreliance on technology may diminish the human connection and authenticity of these occasions."

- Infer two possible effects of using AI in cultural events.

- Justify each inference with logical reasoning based on the text. Why do you think your answer is the best?

Section 2: Reading قسم القراءة والمتاهة /القواعد

2.1 Maze 1

Passage:

"Technology has transformed the way people celebrate events. Artificial intelligence can [guide/ignore/interrupt] venue arrangements and improve [concentration/respect/expenses] by organizing resources more effectively. However, some critics argue that AI may fail to [respect/transform/interact] the cultural essence of certain occasions."

1. Choose the best word to fit the first blank:
   a) guide
   b) ignore
   c) interrupt
2. Choose the best word to fit the second blank:
   a) concentration
   b) respect
   c) expenses
3. Choose the best word to fit the third blank:
   a) respect
   b) transform
   c) interact

2.2 Maze 2

Passage:

"In multicultural celebrations, technology often serves as a bridge to foster [respect/expense/interruption] between diverse communities. For example, online platforms can connect people to cultural representatives who provide [guidance/concentration/capacity] on traditions. This practical use of technology [interprets/transforms/interrupts] how we approach cultural exchange in a globalized world."

Questions:

1. Choose the best word to fit the first blank:
   a) respect
   b) expense
   c) interruption
2. Choose the best word to fit the second blank:
   a) guidance
   b) concentration
   c) capacity
3. Choose the best word to fit the third blank:
   a) interprets
   b) transforms
   c) interrupts

4. "It _____ that technology has changed the way people celebrate cultural events."
   a) is believed
   b) believed
   c) has believed
5. • "Reports _____ to the cultural board last week."
   a) were submitted
   b) are submitted
   c) have been submitted
6. • "The traditions _____ by the researchers at this very moment."
   a) are documented•
   b) is documented
   c) are being documented
7. • "The celebrations _____ annually in various locations."
   a) are held
   b) are being held
   c) have been held
8. • "If AI were more widely used, it _____ cultural experiences around the world."
   a) enhances
   b) would enhance
   c) will enhance
9. • "If they _____ more time, they would have developed more effective AI solutions for cultural events."
   a) have
   b) would have
   c) had
10. • "The cultural event _____ have been an overwhelming success, given the high attendance."
    a) must
    b) can't
    c) should

11. • "AI _____ be the main factor in improving the way we celebrate cultural traditions."
    a) must
    b) can't
    c) may
12. • "The festival this year was much _____ than last year's event."
    a) colorful
    b) more colorful
    c) most colorful
13. • "This new technology is _____ than the traditional methods used in event planning."
    a) efficient
    b) more efficient
    c) most efficient
14. • "This is the _____ cultural celebration I have ever attended."
    a) most exciting
    b) exciting
    c) more exciting
15. • "Of all the celebrations, the Festival of Lights is considered the _____ in the city."
    a) most important
    b) more important
    c) most importantly
16. • "The exhibition _____ to the public next month."
    a) will open
    b) will be opened
    c) is opened
17. • "The organizers _____ have planned this event for months, given how smoothly everything went."
    a) must
    b) can't
    c) might

2.3 Text 1: Informative قراءة -معلوماتي

Text:

The Role of Artificial Intelligence in Cultural Celebrations

"Artificial intelligence is increasingly used in organizing and managing cultural events. From calculating venue capacity to reducing expenses, AI provides practical solutions to challenges faced by organizers. For instance, AI-driven platforms can analyze data to predict attendance and guide seating arrangements to ensure comfort and accessibility. Moreover, AI tools can support cultural representatives in interpreting diverse customs and traditions. However, critics worry that reliance on technology may overshadow human connection and authenticity, potentially interrupting the true spirit of the occasion."

Questions:

1. What is a primary benefit of using AI in cultural celebrations?
   a) It calculates venue capacity and manages expenses.
   b) It replaces human representatives entirely.
   c) It eliminates the need for cultural understanding.
2. How can AI support cultural representatives?
   a) By predicting attendance and transforming traditions.
   b) By analyzing data to interpret customs appropriately.
   c) By eliminating the need for human interaction.
3. What is a potential drawback of using AI in cultural celebrations?
   a) It increases expenses for organizers.
   b) It interrupts human connection and authenticity.
   c) It miscalculates attendance and seating arrangements.

2.4 Text 2: Persuasive قراءة-نص اقناعي

Text:

Why Optimism About AI in Cultural Events Is Justified

“Artificial intelligence has the potential to transform cultural celebrations for the better. By providing guidance on practical matters like venue selection and budgeting, AI can ensure events are inclusive and representative of diverse traditions. For example, AI tools can analyze feedback to improve future occasions. While some fear that technology could diminish human involvement, these concerns are outweighed by the benefits. AI does not replace cultural values—it supports them by fostering understanding and innovation.”

Questions:

1. What is the main argument of the passage?
   a) AI should replace human roles in cultural events.
   b) AI can transform cultural celebrations while respecting traditions.
   c) Technology is not suited for organizing cultural occasions.
2. How does AI help improve future occasions?
   a) By replacing traditional practices.
   b) By analyzing feedback to enhance inclusivity.
   c) By limiting innovation in event planning.
3. What fear is addressed in the passage?
   a) Technology could transform traditions too quickly.
   b) AI might reduce human involvement in cultural events.
   c) AI would fail to provide guidance on budgeting.

2.5 Text 3: Descriptive قراءة نص وصفي

Text:

The Festival of Light and Technology

"The venue sparkled with thousands of electronic lights, a fusion of tradition and technology. The event was a celebration of optimism, as families gathered to honor their culture while embracing modernity. A giant LED display narrated the history of the festival, interpreting stories of resilience and hope. Representatives guided attendees through interactive exhibits, blending ancient customs with futuristic designs. Despite the occasional interruption of electronic glitches, the atmosphere remained respectful and joyous, showcasing the capacity of innovation to transform even the most traditional occasions."

Questions:

1. What sensory detail is used to describe the venue?
   a) The electronic lights sparkling.
   b) The absence of music.
   c) The quiet ambiance.

2. What mood does the passage create?
   a) Gloomy and pessimistic.
   b) Respectful and joyous.
   c) Tense and chaotic.

3. How does technology contribute to the festival?
   a) By replacing traditional customs entirely.
   b) By interpreting history through interactive displays.
   c) By distracting from the atmosphere.

Suggested Answers

1.1 Opinion

AI can transform cultural interpretation by enhancing efficiency in organizing events, but it may risk reducing human connection and authenticity in traditions. A balance between innovation and tradition is essential.

1.2 Plan

Introduction:

- Introduce the topic of AI in cultural venues and its potential impact on traditional celebrations.

Body Paragraph 1: AI in Event Organization

- Discuss how AI assists in organizing events, such as managing venue capacity, optimizing seating arrangements, and streamlining expenses.

Body Paragraph 2: Enhancing Representation and Inclusivity

- Explain how AI can improve accessibility and representation, ensuring diverse cultural traditions are included and respected during events.

Body Paragraph 3: Concerns about Interrupting Traditional Customs

- Address the concerns about AI potentially interrupting the authenticity of traditional celebrations, and the risk of overreliance on technology.
-

Conclusion:

- Summarize the benefits of AI while emphasizing the importance of maintaining a balance between technology and preserving traditional cultural values.

1.3 Essay

- **SAMPLE ONLY DON"T COPY**

- Artificial intelligence (AI) is increasingly influencing cultural venues, enhancing traditional celebrations and transforming cultural experiences. One of the key benefits of AI is its ability to assist in organizing events. AI tools can manage venue capacity, optimize seating arrangements, and streamline expenses, making event planning more efficient. Additionally, AI can ensure greater inclusivity by analyzing data and supporting cultural representatives in making diverse traditions accessible to broader audiences. However, the rise of AI also raises concerns about the potential interruption of traditional customs. Critics argue that overreliance on technology might dilute the cultural authenticity of these occasions. While AI can improve practical aspects of event management, it is crucial to balance technological advancements with the preservation of the core values and human connections that define cultural celebrations. Therefore, while AI holds great potential, its use should be carefully considered to ensure that it enhances, rather than disrupts, traditional customs.

1.4 Inference and Justification

1. Possible Effects:
    - AI could improve event management.
    - AI might reduce cultural authenticity.
2. Justification:
    - AI helps manage resources, improving event organization.
    - Overreliance on technology could diminish the human essence of cultural celebrations.

2.1 Maze 1

1. a) guide
2. c) expenses
3. a) respect

2.2 Maze 2

1. a) respect
2. a) guidance
3. b) transforms
4. a) is believed
5. a) were submitted
6. c) are being documented
7. a) are held
8. b) would enhance

9. c) had
10. a) must
11. a) must
12. b) more colorful
13. b) more efficient
14. a) most exciting
15. a) most important
16. b) will be opened
17. c) might

2.3 Text 1: Informative

1. a) It calculates venue capacity and manages expenses.
2. b) By analyzing data to interpret customs appropriately.
3. b) It interrupts human connection and authenticity.

2.4 Text 2: Persuasive

1. b) AI can transform cultural celebrations while respecting traditions.
2. b) By analyzing feedback to enhance inclusivity.
3. b) AI might reduce human involvement in cultural events.

2.5 Text 3: Descriptive

1. a) The electronic lights sparkling.
2. b) Respectful and joyous.
3. b) By interpreting history through interactive displays.
