My name is Rashid. And I want to talk about recycling. Recycling is very important to save the environment. It also helps us to save money. We can make many things instead of buying them. So, I decided to recycle something . I made a pencil holder using an old can.

First, I cleaned the can well. Then, I used glue and coloured papers to cover it well. Next, I decorated it with pictures for my favourite cartoon characters. Finally, I put my pens in it.

It's very nice. I'm going to recycle another can and make a coin saver for my friend and give it to him in his birthday next month.
