Reading Comprehension

Read the following passage and answer the questions that follow.

Sparrows

(1) The sparrow is a small bird which is found all over the world. There are many different species of sparrows. There are about fifty different species of sparrows living in North and South America. Sparrows are only about four to six inches in length. Many people throughout the world love these delightful birds and enjoy listening to their songs.

(2) Sparrows prefer to build their nests in low places. Their nests are usually built on the ground, in clumps of grass, low trees, and low bushes. In cities, they build their nests in building nooks and other holes. They rarely build their nests in high places. Their nests are made of branches, grasses, and plant fibres. Their nests are usually small and well-built structures.

(3) Female sparrows lay four to six eggs at a time. The eggs are white with reddish brown spots. The eggs hatch within eleven to fourteen days. Both the male and female parents care for the young.

(4) Sparrows can be found almost anywhere there are humans. Some species of sparrows prefer to live in deserts, prairies, swamps, marshes, forests, and other bushy areas. Some sparrows in northern North America will migrate south in winter, although most stay in one area year-round. The older adult males of the migrating sparrows usually spend their winters near their breeding area.

1. **What is paragraph (2) MAINLY about?**

- A. sparrows' migration journey
- B. the different species of sparrows
- C. the natural habitats of the sparrows
- D. sparrows' skills in building their nests

2. Why do many people love sparrows?

- A. because of their small sizes
- B. because of their colourful feathers
- C. because they enjoy listening to sparrows' songs
- D. because they enjoy seeing sparrows building their nests

3. In paragraph (1), what does the underlined word (delightful) mean?

- A. large
- B. happy
- C. chubby
- D. wonderful

4. Who takes care of the young sparrows?

5. Where do sparrows build their nests in cities?
