Second term

Read the following passage, then answer the questions that follow.

Eagles are among the most powerful and admired birds in the world. Well-known for their sharp vision and strong wings, these majestic creatures have fascinated people for generations. Eagles inhabit almost every continent except Antarctica and typically choose tall mountains, cliffs, or large trees as nesting sites for their impressive homelands. One of the most famous species is the bald eagle, found in North America, where it inhabits areas near lakes, rivers, and coastal regions. Despite its name, the bald eagle is not bald at all. Its head is covered with white feathers, which contrast beautifully with its dark brown body. It became a national symbol of strength and freedom in the United States in 1782.

Eagles have excellent eyesight-up to four times better than that of humans. This powerful vision allows them to see small animals like rabbits or fish from high above the ground. Once they spot their prey, they dive quickly and silently, using their sharp talons to catch it. Despite their strength, eagles are still endangered. Pollution, deforestation, and hunting once pushed many eagle species close to extinction. Conservation programs and strict legal protection have helped their numbers increase again. Eagles teach us not only about the wild but also about survival and patience. They wait for the right moment to act and use their strength wisely. Watching an eagle fly high in the sky can remind us to rise above our problems and see life from a higher view.

Reading Comprehension (2)

Read the following passage, then answer the questions below.

The dictionary is the most important tool for all language learners. It gives them the different meanings and spelling of words. Most dictionaries help to pronounce words correctly by providing pronunciation and phonetic symbols. Moreover, they show the learners how to use the words correctly by giving them examples in meaningful sentences.

When you find a new word in a comprehension passage, it is not a good way to think directly for using dictionary all the time to know its meaning. It is better for you to try first understand the main idea of the passage and guess its meaning. Second, don't forget to look at the opposite of the word and try to remember it. If these two ways are not helpful, get the dictionary then and look it up. You will find different meaning for one word. You infer the suitable meaning through the text.

Some books have a mini dictionary at their backs. The electronic dictionaries are the latest. They have more advantages than the printed ones because they are easy to download and carry, you can take them with you everywhere and listen clearly to the correct way of pronouncing Words. Fortunately, smart phones can be supplied with different dictionary applications.
