Last weekend, Fatima's family went to Dubai for two days. It was very hot and humid. There was a lot of traffic! The weather report gave a warning of extreme weather. There was going to be a sandstorm. Sandstorms are dangerous so they stayed in the hotel all day. The next day, they went to many places. First, they took a taxi to one of the most famous landmarks in the world - the Burj Khalifa. It is the tallest building in the world. You can't walk up the stairs so they took the lift to the top. It's a bit scary and you have to be brave! They saw famous buildings. They thought the view was wonderful from the top of Burj Khalifa. Afterwards, they went to the Dubai Wildlife Park. They saw a lot of animals there. They saw lions, monkeys, elephants and giraffes. At the end of the day, they took a bus to the beach. They had dinner on the beach and saw some turtles in the water. Vegetarians are people who for many reasons don't eat meat. Some vegetarians do not eat any animals or fish. People can be vegetarians because they don't like the taste of meat or because they don't want to harm animals.

It can be a problem to eat a balanced diet for some vegetarians because meat is a good source of protein and iron.

We need protein to help our bodies grow. Iron is used to move oxygen around our bodies. This means that vegetarians need to find another source for these nutrients in their diets. Luckily there are lots of foods made from plants that contain protein and iron.
