B) Reading Comprehension (16 Marks)

-Read the following passage carefully, then answer the questions below:

Winter is a season which is known for cold temperatures, snow and shorter days in many places all over the world. In this season, the sun rises pretty late and doesn't last for long. That is why days are shorter and nights are longer. People can enjoy outdoor activities like skiing, ice-skating and building snowmen.

Many plants do not grow during winter while others may die because snow and ice may cover the ground. It can be hard for animals to find food during winter. Animals get through this time in many ways. Birds and butterflies usually fly for a long time to find warmer places. Other animals leave the whole area to find places with a nice weather. Then, **they** come home in spring. We call this **migration** which is a good way to be away from the cold weather.

Another good way to be away from the cold is to sleep through it. Many animals hide during winter. Their bodies slow down to save their energy. They do not eat so they lose their fat. Snakes, frogs and bears sleep just to be safe. Some animals store food in their homes. They do not sleep all winter. They live on what they saved in summer and autumn.

a) From a, b, c, and d choose the correct answer:(6 X2 = 12 Marks)
