sea.

A _____ is a big, strong animal that
looks like a monkey.

The _____ has a big mane and a loud
roar.

It is hot and has many green trees in the
_____.

READING

Wild Animals

I learned about many wild animals today. A dolphin swims fast in the ocean because it has fins. A penguin is a bird that lives in the cold arctic and can swim. An eagle is a large bird that flies high and has sharp eyes. The cheetah is the fastest animal on land. A lion is a big cat with a mane, and people often call it the king of the jungle.

A large gorilla is very strong, eats plants, and can climb trees. A bear is a big, strong animal often found in the forest. A wolf lives and hunts in a group called a pack. Finally, a huge hippo spends most of its day in the water.

1 Which two animals spend a lot of time in the water?

- A. Gorilla and Bear
- B. Dolphin and Hippo
- C. Cheetah and Lion

2 What makes the eagle special?

- A. It has a mane
- B. It flies high and has sharp eyes
- C. It lives in a pack

3 What type of animal is a penguin?

- A. A fish
- B. A large insect
- C. A bird

Wh- Questions

What is a group of wolves called?

Where does the hippo spend most of its day?

Why can a dolphin swim so well?

Let's write !

Writing

Look at the picture ,then write a sentence using the two words:
(penguin – swim)

(Lion / fly)

(Gorilla / trees)

Handwriting:

Read the following sentences and then copy them with neat handwriting:-

Let's
read &
copy!

1- An eagle has sharp eyes and it can fly high.

2- A dolphin can swim fast because it has fins.

3- The cheetah is the fastest animal on land.
