UNIT 1
LAW

Importance of law :

1

- protecting our rights
- punishing the criminals
- living in peace
- creating a better world to live in

2

life without law :

- We will live in chaos.
- Crimes will spread everywhere
- We won’t feel safe.
- We won’t be able to trust others.

Types of law :

3

- civil law
- criminal law
- family law
- property law

4

Arguments for petty litigation :

- It protects our rights.
- It shows that our courts are working.

Arguments against petty litigation :

5

- It clogs up courts.
- It prevents prosecution against real criminals.

6

How to solve our problems away from courts :

- We can discuss the problem.
- We should stick to our religion.

What should be done to motorists who exceed the speed limits in residential areas :

7

- They must pay fines.
- They must be sent to prison.

T. Shahinaz Hassan H.O.D Mrs. Afnaan Al-Shemmari

UNIT 2
MIGRATION

What is meant by migration :

1

- The movement of people from one country to another

Reasons for migration :

2

- seeking better jobs
- getting better education
- enjoying better healthcare
- escaping wars, famine and natural disasters

Disadvantages of migration :

3

- Migrants feel lonely & homesick.
- Migrants face communication problems.
- Their children might lose their identity.
- It creates overpopulation in the host country.

Opportunities Kuwait offer to the migrants:

4

- good jobs
- better life

How do migrants feel when they leave their country ?

5

- They feel sad, lonely and scared

If you have the chance to migrate, would you migrate ?

6

- No, because I will miss my family.

In what way does migration affect people's life ?

7

- It changes people's lives to the better.

T. Shahinaz Hassan H.O.D Mrs. Afnaan Al-Shemmari

UNIT 3
HUMAN VALUES

Examples of human values :

1

- compassion
- freedom
- tolerance

Importance of human values :

2

- drawing a smile on people's faces
- creating a better future for everyone
- putting an end to people's problems
- helping the needy

What is meant by "compassion" ?

- caring for others like the poor & the needy

What is meant by "tolerance" ?

3

- to accept other people even if they are different from you

The aims of the KRCS :

4

- to help & assist people in hardships

Qualities of an ideal volunteer :

5

- helpful
- hardworking
- compassionate

Different ways of donations :

6

- giving food & clothes
- providing clean water
- donating money

Would you like to be a volunteer ?

7

- Yes, to help other people.

T. Shahinaz Hassan H.O.D Mrs. Afnaan Al-Shemmari

UNIT 4
THE EARTH AT RISK

Causes of desertification :

- the unacceptable human activities
- climate change like the hot weather and the lack of rain

1

2

Examples of human activities :

- cutting down trees
- polluting the atmosphere
- over cultivating the land

Results of desertification :

- Winds will be stronger.
- Soil becomes poor.
- People's health will be in danger.
- We will suffer from a shortage of food.

3

4

Ways to solve the problem of desertification :

- by raising awareness
- by planting more trees
- by reducing pollution

Importance of water :

- We use it for cooking & drinking.
- We use it for taking showers.
- It is used for growing plants.
- It is used for cleaning

5

6

Wasteful usage of water :

- taking long showers
- using a hose to wash our cars
- leaving the tap on while brushing

Ways to reduce water consumption :

- taking shorter showers
- using a can to clean our cars
- turning off taps if we don't need them

7

T. Shahinaz Hassan H.O.D Mrs. Afnaan Al-Shemmari

UNIT 5
PRECIOUS RESOURCES

What is meant be “recycling” ?

1

- processing objects & materials so that they can be used again

Importance of recycling :

2

- It reduces pollution.
- It saves the environment.
- It offers more jobs.
- It preserves the natural resources.

Disadvantages of recycling :

3

- It is very expensive.
- Recycled materials are of low quality.
- It takes much time.
- It produces toxins.

Things that can be recycled :

4

- newspapers
- magazines
- empty bottles of water
- broken glass

The role of Kuwait to encourage recycling :

5

- It has built many recycling centres.

Other ways of getting rid of wastes:

6

- burning them
- burying them

How are burning & burying rubbish harmful to the environment :

7

- They cause air & soil pollution

T. Shahinaz Hassan H.O.D Mrs. Afnaan Al-Shemmari

UNIT 6
UNDER THREAT

Why are some animals under threat ?

1

- hunting & killing them
- destroying their natural habitat
- polluting the atmosphere
- using them in experiments

2

How can we protect rare animals :

- by setting up natural reserves
- by putting strict laws against illegal hunting
- by raising awareness
- by avoid buying brands made of animal skin

Importance of animals in our life :

3

- They are a source of food.
- They keep balance in the environment
- They are used as pets.
- They are used in making clothes

4

Importance of plants in our life :

- They provide us with oxygen, oils, perfumes, wood and fuel.

Advantages of land reclamation :

5

- It creates more green areas.
- It attracts tourists.

6

Disadvantages of land reclamation :

- It destroys animal habitat.
- It disturbs the local environment.

Importance of Al-Arfaj:

7

- It is a source of food for animals.
- It is used to make fire.
- It is the national flower of Kuwait

T. Shahinaz Hassan H.O.D Mrs. Afnaan Al-Shemmari
