My father drove the car along the long road beside the blue sea. When we arrived, I saw many people swimming, playing volleyball, and building sandcastles.

My sister and I collected seashells near the water. They were beautiful and shiny. After lunch, my mother took pictures of us sitting under a big umbrella. Text: A Trip to Al Ain Wildlife Park

Last weekend, my class visited Al Ain Wildlife Park. It was a bright, sunny day, and everyone was excited to see the animals. When we arrived, our teacher asked us to follow the path and stay together. The first animals we saw were tall giraffes eating leaves from the trees. Next, we saw elephants. They were the heaviest animals in the park and they were spraying water with their trunks! We also watched flamingos standing on one leg near the lake. Some students were taking pictures while others were drawing animals in their notebooks. Later, we saw a tiger sleeping under a tree and a rabbit jumping near the fence. Before we left, our guide showed us the smallest animal—a bee flying around a flower. It was a wonderful trip, and I learned a lot about animals in the UAE.
