Read and answer

Wild Animals

I learned about many wild animals today. A dolphin swims fast in the ocean because it has fins. A penguin is a bird that lives in the cold Arctic and can swim.

An eagle is a large bird that flies high and has sharp eyes. The cheetah is the fastest animal on land. A lion is a big cat with a mane, and people often call it the king of the jungle. A large gorilla is very strong, eats plants, and can climb trees. A bear is a big, strong animal often found in the forest. A wolf lives and hunts in a group called a pack. Finally, a huge hippo spends most of its day in the water.

1-Which two animals spend a lot of time in the water?

A. Gorilla and Bear B. Dolphin and Hippo C. Cheetah and Lion

2-What makes the eagle special?

A. It has a mane B. It flies high and has sharp eyes C. It lives in a pack

3-What type of animal is a penguin?

A. A fish B. A large insect C. A bird

Wh- Questions

What is a group of wolves called?

Where does the hippo spend most of its day?

Why can a dolphin swim so well?

Can / Can't

We use **can** to talk about things we are able to do.

*A dolphin **can** swim.*

*I **can** climb trees.*

We use **can't** to say we are **not** able to do something.

*A lion **can't** fly.*

*I **can't** run fast.*

Complete the sentences

- 1) A bird can _____ because it has _____.
- 2) A cheetah can _____ fast because it has strong _____.
- 3) A lion can _____ because it is very _____.
