A.....?
B. I have **two brothers**.

Wh- Questions

Wh-q + helping verb + subject+ main verb?

Where	does	he	go	
When	do	they	play	?
Who	did	
Why			
How many.....				

Objective 4 ;

Identify details in a reading text by answering questions in exercise on page 57.

P. 57

Reading

Read the passages and answer the questions from Paragraph 1.

Pearl Diving in Qatar

When visiting the impressive cities of Qatar, one would not believe that up until the late 1940s residents near the coastal regions survived mainly by fishing for pearls. The amazing structures that line its coast do not tell us anything about its past nor do they tell us anything about the difficulties the Qatari people experienced before the discovery of oil. The truth, however, is that before oil was discovered, pearl diving was a major industry and an important feature of the Qatari culture – a culture that had been around since ancient times. Natural oyster pearls were fished in the Persian Gulf from as early as the first millennium BCE. It made it possible for a large majority of Qataris to survive and provide for their families. The water in the Gulf is rich in minerals and salt and it is also not very deep. It was, thus, ideal for pearl diving.

Pearl Diving in Qatar

When visiting the impressive cities of Qatar, one would not believe that up until the late 1940s residents near the coastal regions survived mainly by fishing for pearls. The amazing structures that line its coast do not tell us anything about its past nor do they tell us anything about the difficulties the Qatari people experienced before the discovery of oil. The truth, however, is that before oil was discovered, pearl diving was a major industry and an important feature of the Qatari culture – a culture that had been around since ancient times. Natural oyster pearls were fished in the Persian Gulf from as early as the first millennium BCE. It made it possible for a large majority of Qataris to survive and provide for their families. The water in the Gulf is rich in minerals and salt and it is also not very deep. It was, thus, ideal

What is the **purpose** of the paragraph?

- a. To present two views about pearl in Qatar.
- b. To tell a story about Pear diving in Qatar.
- c. To give information about pearl diving.
- d. To predict the future of pearl

Pearl Diving in Qatar

When visiting the impressive cities of Qatar, one would not believe that up until the late 1940s residents near the coastal regions survived mainly by fishing for pearls. The amazing structures that line its coast do not tell us anything about its past nor do they tell us anything about the difficulties the Qatari people experienced before the discovery of oil. The truth, however, is that before oil was discovered, pearl diving was a major industry and an important feature of the Qatari culture – a culture that had been around since ancient times. Natural oyster pearls were fished in the Persian Gulf from as early as the first millennium BCE. It made it possible for a large majority of Qataris to survive and provide for their families. The water in the Gulf is rich in minerals and salt and it is also not very deep. It was, thus, ideal for pearl diving.

How do people near the coastal survived?

- a. visiting cities
- b. finding water
- c. discovering oil.
- d. finishing for pearls

Pearl Diving in Qatar

When visiting the impressive cities of Qatar, one would not believe that up until the late 1940s residents near the coastal regions survived mainly by fishing for pearls. The amazing structures that line its coast do not tell us anything about its past nor do they tell us anything about the difficulties the Qatari people experienced before the discovery of oil. The truth, however, is that before oil was discovered, pearl diving was a major industry and an important feature of the Qatari culture – a culture that had been around since ancient times. Natural oyster pearls were fished in the Persian Gulf from as early as the first millennium BCE. It made it possible for a large majority of Qataris to survive and provide for their families. The water in the Gulf is rich in minerals and salt and it is also not very deep. It was, thus, ideal for pearl diving.

Why was the pearl diving important ?
