Reading

B) Reading Comprehension.

Sleeping is very important to your health. It makes you feel better and work harder. Sleeping is very useful for your body. **It** is just as important as eating healthy food and doing exercises. If you want to sleep well at night you should relax your body and mind by taking a warm shower early in the evening. Heavy meals or coffee are not good before bedtime. Also, watching television or using computer before going to bed are bad. Remember, you can't have **good** health without taking care of your sleep.
