Amazing Insects

Ants

Like all other insects, ants have 6 legs. They are very strong. They have 2 stomachs. They do not have ears. They feel with their feet. They live in groups and have different jobs. Queens, soldiers and workers are some of the jobs. Most ants are red or black, but you can find them in other colours as well.

Butterfly

Butterflies are beautiful. They have four wings. They cannot hear. They live everywhere except cold places because they can't fly when it's cold. Butterflies taste with their front feet. They feed mostly on nectar and pollen from flowers. The life cycle of a butterfly has 4 stages. "Egg, caterpillar, chrysalis and adult butterfly". Female butterflies are usually larger and live longer.

Ladybirds

Ladybirds come in many colours. Some are red, orange and yellow with black dots on them. They have two wings. Like butterflies, they are found everywhere except in cold places. They sleep in winter. They play dead to protect themselves. Ladybirds live from two to three years.
