

Quiz A

Reading Comprehension ( 4 Marks )

Read the following passage then answer the questions below:

Today you can find fast food restaurants in almost every big city. In some places, you can stand in a line to get a beef burger in a paper bag and in some fast food places you can even drive your car up to a window and place your order. A few minutes later, a worker passes you the food through a window and you can eat it in your car.

But why do people prefer fast food restaurants to more comfortable restaurants where you can sit quietly at a table to eat your meal ? Two things make fast food restaurants popular; speed and price. People do not want to waste a lot of time eating or preparing food also. Prices of fast food are inexpensive because of the number of meals sold every day. Many people think that fast food is not healthy because it contains too much salt, carbohydrates and fats.

## Quiz B

### Reading Comprehension ( 4 Marks )

**-Read the following passage carefully, then answer the questions below:**

When was the last time you lost something? We spend about ten minutes a day looking for lost things. This adds up to an incredible 3,680 hours. The study on 3,000 adults was carried out ,researchers found that mobile phones and car keys were the most frequently lost items because they are mostly taken outdoors. Other things on the list included umbrellas, bank cards, train or bus tickets hats, laptops, watches, socks, jewelry (particularly rings and earrings) and shoes.

We lose things due to the tiring lifestyle we live. Others say it's the fault of family members or children for not putting things back where they belong to. So, what's the solution? You need to choose a fixed place for something and always put it back there and you need to make sure everyone else in the house knows where to put it back too.
