Reading Comprehension /1

Read the following text carefully then answer the questions below:

Crocodiles are large animals that look like lizards but bigger in size. There are more than 10 types of crocodiles around the world. They also come in different sizes. These dangerous animals can be found in some parts of Asia, Africa and Australia. They live near swamps, lakes and rivers. They prefer living in hot and warm places.

Crocodiles spend most of their time in the water but they can also travel on land. The skin of crocodiles is very strong. The eyes and the ears of a crocodile are on its head. This will help it see and hear better when most of its body is under the water. It also helps it to surprise and catch animals to eat them.

Crocodiles mostly feed on fish, birds, turtles and other small animals by catching them and pulling them to the water. When a female crocodile is ready to lay eggs, it builds a small nest from mud and dead plants. Some types of crocodiles can lay more than 100 eggs. When they hatch, it stays with its babies for weeks to protect them.

B- Reading Comprehension/3

Read the following passage carefully, then answer the questions that follow:

You've probably heard of working dogs that help police officers, or horses that help farmers. Did you know that pigeons can be trained to help people, too? Carrier pigeons can be trained to carry messages to people. The note is placed into a small skinny can. The can is tied to the pigeon's leg. Then the pigeon flies off to deliver the note. Carrier pigeons are good messengers because they are fast and can fly long distances. They also have a good sense of direction. They can even reach places that people can't.

More than 800 years ago, Genghis Khan, an Asian ruler set up pigeon post offices across his lands to get and send notes and messages. As recently as 2010, Cuba used pigeons to send election results to the mountain people.

From high up in the sky, specially trained pigeons can spot orange life jackets in the ocean. Sometimes it is difficult for humans to spot people lost in the sea, especially when the weather is bad. However, pigeons can fly quickly over a large area of water in search of people. They are called lifeguard pigeons
