

مدرسة المنارة الخاصة - الشامخة

AL-MANARA PRIVATE SCHOOL - SHAMKHA

Final exam revision

Term 3 2019/2020

Grade :- 8

Teacher / Hajar Moursy

العلامة: 5/5

Q.1: Read the following paragraphs about the Titanic. For questions 1 - 5, choose the best heading for each paragraph. There is one extra heading that you will not need

الإجابة الصحيحة:

The Titanic

Most of the passengers were from England. They **Setting Sail for America** .1 were going on a holiday to the United States of America. As the last of the .passengers got onto the ship, it left the port and set sail towards New York

On the evening of April 14th, the ship hit an iceberg. The **A Terrible Accident** .2 iceberg made a big hole in the bottom of the ship. The water was coming into the .ship. It was sinking and the people were scared

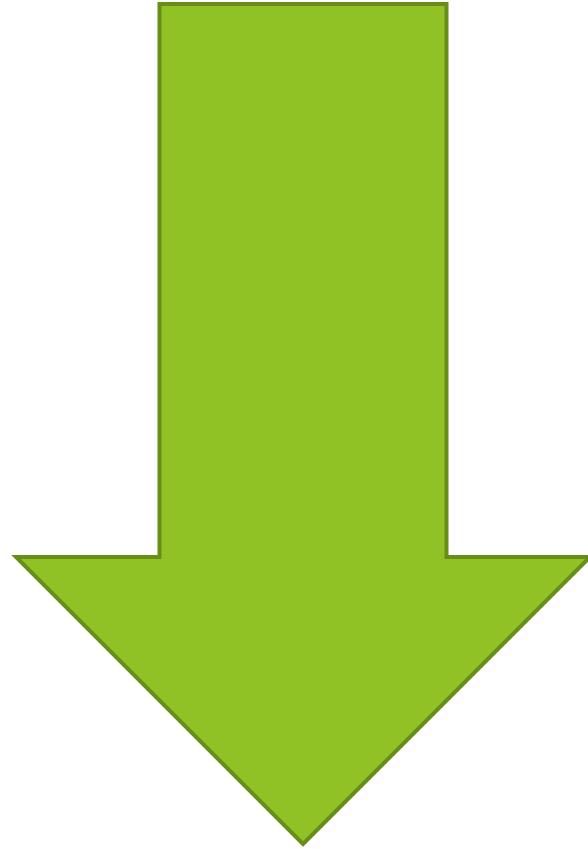

Since the ship was sinking, they sent a telegram asking for **A Call for Help** .3 help. There was a ship nearby that got the message. This ship was called the *Carpathia*. The *Carpathia* sailed towards the *Titanic* as fast as it could. They wanted .to help them

The *Titanic* sunk very quickly. There were not enough lifeboats for **Lives Lost** .4 everybody. They put the women and the children in the lifeboats first. Over 1,500 people died. Only about 700 people lived. The *Carpathia* arrived one hour after the .*Titanic* sunk

The next day, the newspapers thought that everyone had **Wrong Reporters** .5 lived. The headlines in the newspapers said that no lives were lost. This was not true.

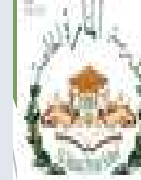

The following day the newspapers said what really happened. The world was .shocked that the strongest ship in the world had sunk on its maiden voyage

Part 2

My grandfather has sent me to sports camp in Italy for the whole summer. It is great because I love playing all sorts of different sports! I will be here for six weeks in total. I am learning so much about sports. This week we are playing badminton, golf and tennis. My friend Salma loves badminton, but I am not so great at it. I am much better at golf. I have been playing golf since I was six years old. Next week, we will have a golf competition. I hope I can win it. Last week we did judo, archery and cycling. I almost fell off the bicycle when I tried riding it. I am no good at riding bikes. I did not like judo that much either, but archery was great. I am really good at hitting the target with the

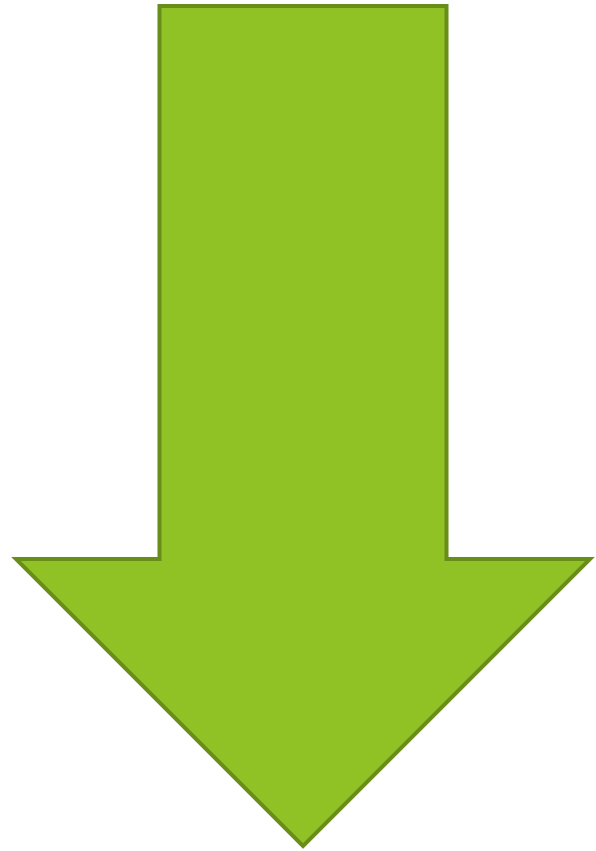

arrow. Next week, we will play ice hockey. I have never been skating on ice before. I am afraid I will fall down. During the last week, we will go horseback riding. I really hope I don't fall out of the saddle! Next year I will go to a cooking camp to learn to make delicious food. I can't wait to go to the cooking camp as I

.love cooking as much as I love sport

Go to Se

Part 3

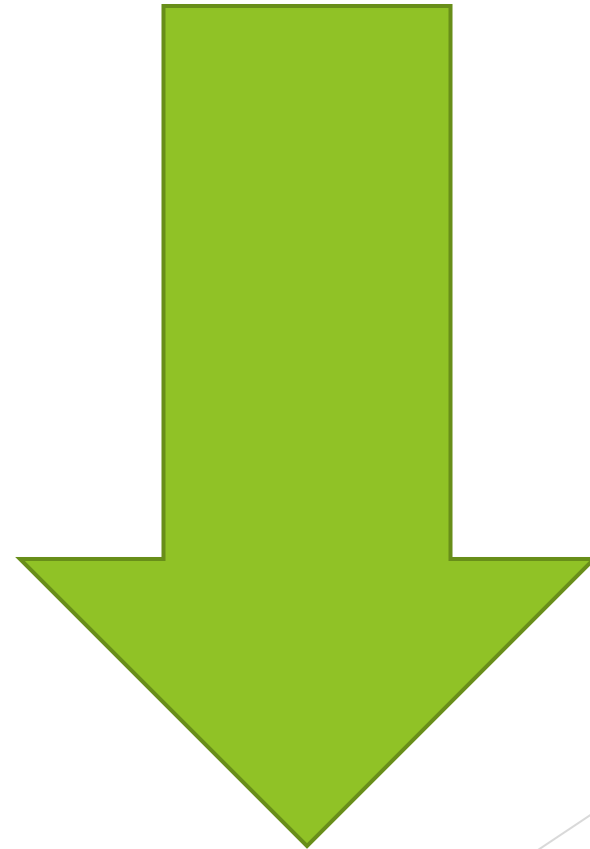

The start of the space age was in the 1940's when rockets first left Earth. The first man went into space in 1961. In 1966, the first rocket landed on the moon and 3 years later, the first man walked on the moon. Since the 1960's, technology has allowed for more scientific research. We have sent unmanned spacecraft to Mars and other planets. By studying other planets, we build up our

knowledge of the universe and better understand our place in it.

In 1986, we began working on space stations. Currently, we have the International Space Station (ISS), which allows astronauts to live and work in space for long periods of time. In the future, people will probably build more space stations around the solar system. We are always learning so much from our exploration of

space. But, it has come at a huge cost. Space travel is always very expensive. It cost over 100 billion dollars to build the ISS and over 80 million dollars to send a person there. This history of space exploration is long. Certainly, we will find and discover many new things in the future. We may even .find life in space one day

Part 2 and 3
questions

العلامة: 1/1

?Q.2: When did the first person walk on the moon

- .a 1961
- .b 1966
- .c 1969

العلامة: 1/1

.Q.3: Fatima is in Italy when she is writing this blog

- .a True
- .b False
- .c Not Given

العلامة: 1/1

.Q.4: Fatima is very good at tennis

- .a True
- .b False
- .c Not Given

العلامة: 1/1

?Q.5: What have we sent to Mars

- .a scientists
- .b researchers
- .c spaceships without people

العلامة: 1/1

?Q.6: Why is it important to study other planets

.a to learn how to build space stations

.b to learn information about the universe

.c to learn information about our Earth

العلامة: 1/1

.Q.7: Next week there is a golf competition

.a True

.b False

.c Not Given

.Q.8: Fatima is good at cycling

العلامة: 1/1

.a True

.b False

.c Not Given

?Q.9: What cost over 80 million dollars

العلامة: 1/1

.a sending a person to the moon

.b building the International Space Station

.c sending a person to the ISS

العلامة: 1/1

?Q.10: What would be a good title for this paragraph

- .a Space Exploration of the Future
- .b The Past, Present and Future of Space Exploration
- .c The past of Moon Exploration

العلامة: 1/1

.Q.11: The last sport they will do at the camp is horse back riding

- .a True
- .b False
- .c Not Given
