Paragraph

Surviving on Mars

Today, we have decided to do all we can to survive while on this strange red planet. We will build a community while we wait for mission control to send help. We were exploring a bit when suddenly we saw, in the distance, a small jungle and a lake. We were excited because we could find food and water there. We decided to explore the area carefully and collect some fresh water. We also built small shelters near the lake to protect ourselves from the cold nights. Although we were afraid, we worked together and stayed hopeful until help arrived.

قررنا اليوم أن نبذل قصارى جهدنا للبقاء على قيد الحياة على هذا الكوكب الأحمر الغريب .سنعمل على بناء مجتمعٍ صغيرٍ بانتظار أن يرسل مركز التحكم في المهمة المساعدة إلينا .وبينما كنا نستكشف الأرجاء، لمحنا فجأةً من بعيد غابةً صغيرةً وبحيرة؛ فغمرنا الحماس، إذ أدركنا أننا قد نجد هناك ما نحتاجه من طعامٍ وماء .قررنا استكشاف المنطقة بحذر وجمع بعض المياه العذبة، كما أنشأنا ملاجئ صغيرةً بالقرب من البحيرة لنحمي أنفسنا من برودة الليالي .ورغم شعورنا بالخوف، فقد تكاتفنا معاً وحافظنا على الأمل حتى وصول المساعدة.

Mars, The Mysterious Red Planet

Mars is a tiny, rocky planet that is very strange for many of us humans on Earth. It is also known as the Red Planet because it is covered with rust-like dust. There are no oceans there and the temperature is always very cold. The air is so thin that we couldn't even breathe it. Mars is smaller than the Earth, but larger than our moon. There are extreme weather conditions. It has very strong winds and huge dust storms that can often blow over the whole planet for months! There is so much more to find out about this mysterious planet called Mars.

3 **Look at the above text. Match the details with the correct noun.**

1.	small rocky	a.	air
