Celebrity Interview!

Abdullah Al Shamsi is a famous athlete who has written a science-fiction book about living on Mars. **Abdullah, why did you write this book?**

"I wanted to make my family proud. I like science fiction and I'm interested in space exploration, so one day I just started writing about it."

Do you think humans will travel to Mars in the next 10 years?

"It's possible. I think we will go when we have the best technology and the best people. The astronauts have to be strong because they might be living on Mars for a very long time. They can't just come back."

If you were an astronaut, would you go to Mars?

*"Of course I **would**. It **would** be an amazing experience.*

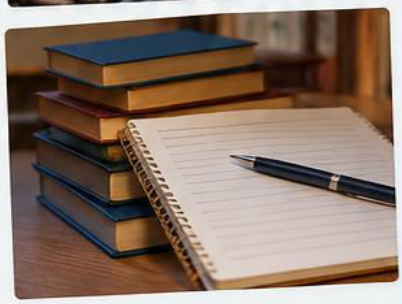

*If I could take my family, it **would** be even better."*

If you went to space, what would you take?

*"If I went to space, I **would** take my camera.*

*The photos **would** be amazing! Sports **would** be difficult because the gravity is different. So, I **wouldn't** take my tennis racket.*

*If I went to Mars, I **would** take food and seeds. I imagine I **would** be there for many years. I **would** grow plants and vegetables on my ship and on Mars. I **would** also take a notebook and I **would** write more books."*

Do you think you will write another book?

"Yes, if I have time, I will write another science fiction book next year."

Ms Fatma Ayoub

Choose the correct answer:-

1. What was Abdullah's main reason for writing a science-fiction book?

A) To become an astronaut B) To make his family proud C) To teach science

2. What inspired Abdullah to start writing his book?

A) His interest in space exploration B) His love of sports C) His family's travels

3. According to Abdullah, what will make travelling to Mars possible?

A) Cheaper food B) Shorter journeys C) Better technology and skilled people

4. Why do astronauts need to be physically strong?

A) To explore every planet
B) To live away from Earth for a long time
C) To become famous athletes

5. How would Abdullah feel about travelling to Mars as an astronaut?

A) He would find it exciting B) He would consider it dangerous C) He would refuse to go

6. Why would Abdullah take a camera with him into space?

A) To study gravity B) To contact his family C) To take amazing photos

7. Why does Abdullah decide not to take his tennis racket?

A) He prefers other sports B) Different gravity would make sports difficult
C) He has no space for food

8. What does Abdullah plan to do with the seeds he takes to Mars?

A) Grow plants and vegetables B) Sell them to astronauts
C) Use them as scientific tools

9. What does Abdullah's plan to take a notebook reveal about him?

A) He wants to become a scientist B) He is worried about forgetting things
C) He intends to continue writing

10. What condition must Abdullah meet before writing another book next year?

Winners Academy Ty Fatma Ayman

A) He must travel to Mars B) He must have enough time C) He must meet some astronauts

11. Why would taking his family to Mars make the experience even better for Abdullah?

A) He would enjoy sharing the experience with them
B) They would help him write his book C) They would train the astronauts

12. What is the main challenge astronauts might face when living on Mars?

A) Finding new sports B) Learning to write books C) Staying there for a long time

13. What can we infer about Abdullah's attitude towards space exploration?

A) He thinks it is impossible B) He is enthusiastic about it
C) He believes it is unnecessary

14. Which statement best describes Abdullah's plans for life on Mars?

A) He would take useful supplies and continue his interests
B) He would focus only on playing sports C) He would depend completely on others for food

15. What is the most suitable title for Abdullah's future plans?

A) Becoming a Professional Tennis Player
B) Leaving Writing Behind C) Exploring Space and Continuing to Write

Second Conditional – Simple Explanation

We use the **Second Conditional** to talk about an **imaginary, unlikely, or unreal situation** in the present or future.
نستخدم صيغة الشرط الثانية للحديث عن موقف خيالي أو **غير مرجح أو غير واقعي في الحاضر أوالمستقبل**.

☆ **The rule** **If + past simple, would + v.1 (فعل بدون أضافات)**

Example:

If I **made** a space time capsule, I **would** **put** photos of the Burj Khalifa in it.

- **If + past simple** → the imaginary situation
- **would + infinitive** → the result
- **would + base verb**: would go, would visit, would explore, would see

Remember:

✗ If I travelled to space, I **will** explore it.

✅ If I **travelled** to space, I **would explore** it.
The two parts can change places:

If I had a time machine, I **would visit** the future.
I **would visit** the future **if I had** a time machine.

Second Conditional – Negation

Rule: To make the Second Conditional negative, use:

If-clause: didn't + v.1 / weren'ts

Main clause: wouldn't + infinitive

Examples:

Would +v.1 if past simple

If I didn't study, I would fail the exam.

I would fail the exam if I didn't study.

If I had money, I wouldn't borrow from my friend.

I wouldn't borrow from my friend if I had money.

Choose the correct answer

1. If Ahmed _____ hard, he wouldn't get high marks.

A) doesn't study B) wouldn't study C) didn't study

2. If I had a car, I _____ the bus to school.

A) wouldn't take B) didn't take C) don't take

3. If she _____ so fast, she wouldn't make mistakes.

A) wouldn't speak B) doesn't speak C) didn't speak

4. If we lived near the beach, we _____ there in winter.

A) didn't go B) don't go C) wouldn't go

5. If he _____ late, he would catch the bus.

A) didn't wake up B) doesn't wake up C) wouldn't wake up

6. If I were rich, I _____ in a small house.

A) didn't live B) wouldn't live C) don't live

7. If Mona _____ enough money, she would buy a new laptop.

A) doesn't have B) wouldn't have C) didn't have

8. If I knew his phone number, I _____ him.

A) didn't call B) wouldn't call C) don't call

9. If they _____ so much TV, they would have more time to study.

A) wouldn't watch B) don't watch C) didn't watch

10. If Ali had a bicycle, he _____ to school by bus.

A) wouldn't go B) didn't go C) doesn't go

11. If she _____ afraid of dogs, she would play with them.

A) isn't B) weren't C) wouldn't be

12. If we had a bigger house, we _____ our guests in the living room.

A) don't receive B) didn't receive C) wouldn't receive

13. If I _____ so much fast food, I would feel healthier.

A) didn't eat B) wouldn't eat C) don't eat

14. If he studied harder, he _____ so many mistakes in the exam.

A) didn't make B) wouldn't make C) doesn't make

15. If Sara _____ shy, she would speak in front of the class.

A) wouldn't be B) isn't C) weren't

16. If they had enough time, they _____ the project today.

A) wouldn't finish B) didn't finish C) don't finish

17. If we _____ in a noisy area, we would sleep better.

A) didn't live B) wouldn't live C) don't live

18. If Omar had a map, he _____ lost. A) didn't get B) wouldn't get C) doesn't get

*- Put the words in the correct order to make sentences.

1. grow vegetables / **if** / went / to space / I / I / would

If I went to space, I would grow vegetables.

2. I / to space / would / went / if / I / my camera / take

.....

3. you / would / go / to Mars / ?

.....

4. you / would / if / had / a rocket / where / go / ? / you

.....

5. wouldn't / to the sun / go / I

.....

6. be excited / a trip to space / would / won / I / if / I

.....

7. live on Mars / if / could / I / I / would

.....

8. you / would / if / found / an alien / what / do / ? / you

.....

9. travel to the moon / would / if / had / I / a spaceship / I

.....

Choose the correct word to complete each sentence.

1. The famous singer is a well-known _____ who appears on television.

A) athlete B) celebrity C) astronaut

2. My brother is a talented _____ who trains every day to win competitions.

A) human B) celebrity C) athlete

3. I enjoy reading _____ stories about robots, aliens, and life in the future.

A) science fiction B) space exploration C) experience

4. Scientists are studying _____ to learn more about the red planet.

A) Earth B) Mars C) the Moon

5. Winning the competition would _____ because they have always supported me.

A) make my parents proud B) come back C) travel

6. My sister loves computers and wants to _____ learning how they work.

A) start B) be interested in C) come back

7. _____ helps scientists discover more about planets and stars.

A) Gravity B) Technology C) Space exploration

8. The school play will _____ at six o'clock this evening.

A) start B) travel C) grow

9. In the future, people might _____ to other planets.

A) plant B) travel C) imagine

10. With modern technology, it may be _____ to explore distant planets.

A) difficult B) strong C) possible

11. Modern _____ allows people to communicate across the world quickly.

A) technology B) gravity C) seed

12. An _____ travels into space to carry out scientific missions.

A) athlete B) astronaut C) celebrity

13. You need to be physically _____ to carry heavy equipment.

A) possible B) proud C) strong

14. The astronauts stayed on the space station _____ to complete their mission.

A) for a long time B) of course C) even better

Winners Academy Ty Fatma Ayman

15. After spending months in space, the astronauts will _____ to Earth.

A) start B) come back C) imagine

16. Visiting another country for the first time was an exciting _____.

A) experience B) notebook C) camera

17. I used my _____ to take pictures of the beautiful stars.

A) tennis racket B) notebook C) camera

18. The astronaut took a _____ of Earth from the spaceship.

A) seed B) photo C) vegetable

19. Without _____, objects would not fall toward the ground in the same way they do on Earth.

A) technology B) gravity C) space exploration

20. Climbing the mountain was _____ because the path was steep and rocky.

A) difficult B) possible C) proud

21. He used a _____ to hit the ball over the net during the match.

A) camera B) notebook C) tennis racket

22. A plant begins to grow when a _____ gets the right amount of water and warmth.

A) ship B) seed C) photo

23. Can you _____ what life would be like on Mars?

A) imagine B) travel C) start

24. We will _____ a tree in the garden to make the area greener.

A) come back B) plant C) grow

25. Carrots and potatoes are examples of a _____ that people can eat.

A) celebrity B) vegetable C) astronaut

26. The scientists travelled aboard a research _____ to explore the ocean.

A) ship B) tennis racket C) notebook

Winners Academy Ms Fatma Ayman

27. I wrote the important information in my _____ during the science lesson.

A) camera B) photo C) notebook

28. If you finish this exercise, you can try _____ one to practise more.

A) another B) best C) strong

29. She is the _____ player on the team because she practises every day.

A) difficult B) best C) possible

30. Every _____ needs clean water, food, and air to survive.

A) human B) astronaut C) athlete

31. It _____ rain tomorrow, so take an umbrella with you.

A) of course B) might C) even better

32. "Will you help me with this project?" "_____! I would be happy to help."

A) Of course B) For a long time C) Another

33. The new camera takes clear pictures, but the latest model is _____ because it also records in high quality.

A) strong B) even better C) difficult

34. Plants need sunlight, water, and nutrients to _____ properly.

A) grow B) travel C) come back

35. My family grows tomatoes, carrots, and other _____ in our garden.

A) celebrities B) vegetables C) athletes

36. My parents felt _____ when I won first prize in the science competition.

A) proud B) difficult C) possible
